The Eric T. Mitchell Team

Welcome to Charter Funding and the **Eric T. Mitchell Team!**

We look forward to assisting you on your upcoming loan. I want to take a minute to explain our team structure. When we have exceeded your expectations, please feel free to tell your family, friends and colleagues about us!

James is my Client Services Manager. James is the person to contact if I am unavailable. He can help answer all of your questions. James helps determine the loan structure that best fits you and your ultimate scenario. James will be in touch with you throughout the process.

Lori is my Loan Coordinator. Lori will stay in touch with you as well during the process. She will let you know what we need from you to move forward with your loan request. She locks in your interest rate and prepares your application for processing.

Courtney is my Mortgage Processor. Courtney submits your application to our underwriter and will clear any conditions she receives from our underwriting department. Courtney will set up your closing with the title company and is in contact with them throughout your loan process.

Sandra is my Marketing Coordinator. Sandra keeps you up to date with any and all opportunities that cross my desk. She takes care of sending you our client rewards and copies of your appraisal and credit report once your loan is closed. Sandra is also responsible for sending out our client communication.

I know that my team can offer the best service possible to benefit our clients. By utilizing the team approach, there is always someone available to meet your needs. I look forward to a long and rewarding relationship with you!

Sincerely,

Read what clients are saying about Eric Mitchell...

"I would like to express my complete satisfaction as to how you completed the re-financing of my client's home in California. This was not an easy task in that most of the parties involved were not in California during the refinancing. Your office handled all the mailings, phone calls, and documents in a truly professional manner and made it very easy for my clients and myself. You can be sure that your office will be getting all of my referrals."

Perry P. Silverman - CPA, CFP

"Eric, thanks for taking such good care of our mortgage needs. With over twenty years practicing law with primarily big firms, my bank was unable to get me a conventional mortgage because I recently started my own law firm. You and your team made the whole process easy. You took my information over the phone, followed up on all the details and we showed up to close loans on our home in Wisconsin and our lake house in Iowa. I have since sent several friends and clients to you and each has been treated as I would treat my own clients. Thanks for all of your help."

Jeff Redmon – Redmon Law Chartered

"Every question was answered with patience and understanding. You both always called us back in a timely manner. You really seemed to care about us as people and took a lot of time in making us feel very comfortable with you. We were always very comfortable and it was always a pleasure working with you. Every time we needed anything, you were there. We would most definitely use Eric and his team again. We would recommend you to everyone in need of a mortgage, refinance, etc... You are very knowledgeable and sincere and we really appreciated everything you did for us. Thank you a million times. We really loved our house warming present too, very creative!!!"

Joy and Rick Monro

"Eric, we can't thank you enough for your 100% professional involvement in our process to secure re-financing on our home. Though other bankers said it couldn't be done because of our recent financial struggles, you were positive, encouraging and said you knew it could be done! You had all the systems and teams (associates, the appraiser, the title company) in place to make this a painless stress-free process on our part. You took a strong personal interest via daily phone calls or email updates and saw this re-financing through to the end. We thank you for your efforts. "

Mary & Richard Reed

"Thanks for making the refinancing process as painless as possible. There is always a little bit more paperwork in these processes than I like, but I know that is not your doing. In fact, I believe you cut down the paperwork I otherwise might have been required to submit. You get the loan done promptly and the follow-through after the closing has also been impressive. You have an efficient and service-oriented organization, something that is becoming increasingly rare in this country. Thank you!!"

Dan Gelb

"I called Eric Mitchell when I started thinking about buying a house. It was my first house, so the process was all new to me. He patiently walked me through it, always taking the time to answer my numerous and sometimes redundant questions. Eric and his staff ran several mortgage options for me and helped me choose the one that both worked within my budget and allowed me to sleep at night. When I finally locked in a rate, it was lower than I expected because Eric went above and beyond the call of duty to get me the best possible rate. At closing, the process ran very smoothly due to his efforts. Twenty minutes after we started, I emerged with keys in hand as a new homeowner. I was extremely happy with the entire process and would encourage anyone to use the services of Eric and his team."

Shopping Around?

Here's The Inside Scoop On How To Do It Right!

First: make sure you are working with an experienced, professional loan officer. The largest financial transaction of your life is far too important to place into the hands of someone who is not capable of advising you properly and troubleshooting the issues that may arise along the way. But how can you tell?

Here are **FOUR SIMPLE QUESTIONS YOUR LENDER ABSOLUTELY MUST BE ABLE TO ANSWER CORRECTLY. IF THEY DO NOT KNOW THE ANSWERS... RUN... DON'T WALK... RUN... TO A LENDER THAT DOES!**

1) What are mortgage interest rates based on?

The only correct answer is Mortgage Backed Securities or Mortgage Bonds, NOT the 10-year Treasury Note. While the 10-year Treasury Note sometimes trends in the same direction as Mortgage Bonds, it is not unusual to see them move in completely opposite directions. DO NOT work with a lender who has their eyes on the wrong indicators.

2) What is the next Economic Report or event that could cause interest rate movement?

A professional lender will have this at their fingertips. For an up-to-date calendar of weekly economic reports and events that may cause rates to fluctuate, you can visit www.eric-mitchell.com and hit the blue MMG Weekly banner.

3) When Ben Bernanke and the Fed "change rates", what does this mean... and what impact does this have on mortgage interest rates?

The answer may surprise you. When the Fed makes a move, they are changing a rate called the "Fed Funds Rate". This is a very short-term rate that impacts credit cards, credit lines, auto loans and the like. Mortgage rates most often will actually move in the opposite direction as the Fed change, due to the dynamics within the financial markets. For more information and explanation, just give us a call.

4) What is happening in the market today and what do you see in the near future?

If a lender cannot explain how Mortgage Bonds and interest rates are moving at the present time, as well as what is coming up in the near future, you are talking with someone who is still reading last week's newspaper, and probably not a professional with whom to entrust your home mortgage financing.

Be smart... Ask questions... Get answers!

More than likely, this is one of the largest and most important financial transactions you will ever make. You might do this only four or five times in your entire life... but we do this every single day. It's your home and your future. It's our profession and our passion. We're ready to work for your best interest!

Eric T. Mitchell www.eric-mitchell.com

Shopping Around? (Part II)

Here's The Inside Scoop On How To Do It Right!

Once you are satisfied that you are working with a top-quality professional mortgage advisor, here are the rules and secrets you must know to “shop” effectively.

IF IT SEEMS TO GOOD TO BE TRUE, IT PROBABLY IS.

But you didn't really need us to tell you that, did you? Mortgage money and interest rates all come from the same places, and if something sounds really unbelievable, better ask a few more questions and find the hook. Is there a prepayment penalty? If the rate seems incredible, are there extra fees? What is the length of the lock in? If fees are discounted, is it built into a higher interest rate?

YOU GET WHAT YOU PAY FOR.

If you are looking for the cheapest deal out there, understand that you are placing a hugely important process into the hands of the lowest bidder. Best case, expect very little advice, experience and personal service. Worst case, expect that you may not close at all. All too often, you don't know until it's too late that cheapest isn't BEST. But if you want the cheapest quote – head on out to the Internet, and we wish you good luck. Just remember that if you've heard any horror stories from family members, friends or coworkers about missed closing dates, or big surprise changes at the last minute on interest rate or costs...these are often due to working with discount or internet lenders who may have a serious lack of experience. Most importantly, remember that the cheapest rate on the wrong strategy can cost you thousands more in the long run. This is the largest financial transaction most people will make in their lifetime. That being said – we are not the cheapest. Of course our rates and costs are very competitive, but we have also invested in the systems and team we need to ensure the top quality experience that you deserve.

MAKE CORRECT COMPARISONS.

When looking at estimates, don't simply look at the bottom line. You absolutely must compare lender fees to lender fees, as these are the only ones that the lender controls. And make sure lender fees are not “hidden” down amongst the title or state fees. A lender is responsible for quoting other fees involved with a mortgage loan, but since they are third party fees – they are often under-quoted up front by a lender to make their bottom line appear lower, since they know that many consumers are not educated to NOT simply look at the bottom line! APR? Easily manipulated as well, and worthless as a tool of comparison.

UNDERSTAND THAT INTEREST RATES AND CLOSING COSTS GO HAND IN HAND.

This means that you can have any interest rate that you want – but you may pay more in costs if the rate is lower than the norm. On the other hand, you can pay discounted fees, reduced fees, or even no fees at all – but understand that this comes at the expense of a higher interest rate. Either of these balances might be right for you, or perhaps somewhere in between. It all depends on what your financial goals are. A professional lender will be able to offer the best advice and options in terms of the balance between interest rate and closing costs that correctly fits your personal goals.

UNDERSTAND THAT INTEREST RATES CAN CHANGE DAILY, EVEN HOURLY.

This means that if you are comparing lender rates and fees – this is a moving target on an hourly basis. For example, if you have two lenders that you just can't decide between and want a quote from each – you must get this quote at the exact same time on the exact same day with the exact same terms or it will not be an accurate comparison. You also must know the length of the lock you are looking for, since longer rate locks typically have slightly higher rates.

Again, our advice to you is to be smart. Ask questions. Get answers.

As you can imagine, we wouldn't be encouraging you to shop around if we weren't pretty confident that we feel that we can give you a great value and serve you the very best.
